"Cannock Chase has long been known as a UFO hotspot and a place where all sorts of other paranormal phenomena have occurred. "At first glance, Cannock Chase is a wonder to behold with its amazing and abundant natural beauty. However, there is another part of Cannock Chase that dwells within the shadows. It is a place where the veil is thin, allowing brief glimpses between this world and the next" - **Paranormal author Tim Swartz**

There is something deeply weird about the Chase: it has strange and monstrous inhabitants in its midst. Werewolves, large black cats, aliens, spooks and spirits, Bigfoot, wallabies, wild boar, and huge snakes have all been reported from within the depths of these mysterious woods..." - **Nick Redfern, author of many books including Monster Diary and Wildman**

"Cannock Chase has been the centre of many unusual sightings over the years. The Cannock Chase Beast' is probably the most legendary phenomena, but other supernatural horrors have been reported as well.
